## Build your brand's look with the **ProRTX Uniform Builder**

Whether you're shaping your organisation's look from scratch, or choosing specific items, our free online Uniform Builder tool is the best place to start selecting and coordinating. [prortx.com/uniform-builder](http://prortx.com/uniform-builder)

### Consistency built into every thread

Branded workwear brings your team together, builds trust with customers and reinforces your values - without losing personality.

Our wide range means you can mix, match and create the look that works for you. And you can relax knowing that from front-desk, to cleaning, to industrial – there's a variety of styles to select from.

Choose your core pieces - polos, hoodies, trousers, outerwear - and bring them together under one unified look.

## High visibility. Higher standards.

High visibility workwear is designed to keep wearers clearly seen in low-light or high-risk environments, enhancing safety through the use of fluorescent colours and reflective materials that ensure visibility both day and night. Vests are lightweight and easy to layer over other garments, providing added visibility when needed, while jackets offer warmth and increased visibility in colder conditions. Trousers complete the range, delivering full-body visibility for those working in demanding or high-risk settings.

A photograph of two men wearing high-visibility orange work jackets with reflective silver-grey strips. One man is in the foreground, facing slightly to the right, looking towards the camera with a slight smile. The other man is in the background, seen from the back, looking towards the left. The background is a blurred outdoor setting, possibly a construction site, with a bright light source creating a lens flare effect on the left side.

Stay seen. Stay safe. Stay working.

# Doing the right thing for our products, our customers, and our planet.

At ProRTX, doing the right thing starts with how we make our garments. Every product is designed with purpose, made from high-quality materials, and produced in certified facilities that uphold high ethical and environmental standards. We're proud to work with partners who share our values, ensuring fair pay, safe working conditions, and transparent practices across every stage of production. For us, sustainability is a commitment to making thoughtful, lasting choices that reduce waste and create genuine, long-term impact.

Our commitment to sustainability runs through everything we do. By selecting durable, high-performance fabrics, we help reduce the need for frequent replacement. This helps to keep garments in use for longer. This approach benefits our customers, supports responsible production, and minimises our environmental footprint.

**Get ready for another great day in ProRTX.**
